

What to consider when deciding whether to attend a community college:	College name	College name	College name
Do you know what your academic or career goal is or are you unsure what course of study you want to pursue?			
Can you afford to attend a 4-year college all 4 years?			
Are you interested in finding employment in a specialized, technical field that may not require a 4-year degree?			
Do you have family and employment responsibilities to maintain while you work toward a college degree?			
Do you need to master basic academic skills before you can pursue college coursework?			
Do you want to learn in an environment in which teaching is of primary importance?
