Helpful Hints on Paying for College

Are you a recent military veteran who wants to go to college? Do you have children or a spouse who wants to go to college? Were you disabled while on active duty in the military? Do you have dependent children whose parent died while on active-duty military service? If so, here are some helpful hints to ask about veterans educational benefits at your local Veterans Affairs Office or at the college you or your child will attend.

TIP #1 Who qualifies for the new federal Post-9/11 GI Bill?

Military men and women who served at least 36 months after September 10, 2001, or were discharged for a service-related disability after at least 30 days of active duty can qualify for 100% of benefits. Others earn a percentage depending on length of service. Those who qualify have up to 15 years after service to use the benefit. Some veterans may also be able to transfer benefits to a spouse or child.

Full benefits include the following:

- ▶ Tuition and fees up to the highest amount charged for full-time undergraduate work at a public institution in the state where the student is enrolled.
- ▶ A monthly housing allowance based, in part, on the local cost of living (not available for those on active duty or taking courses exclusively online).
- ▶ A stipend for books and supplies of up to \$1,000 a year.
- ▶ \$500 to help relocate from a highly rural area.

TIP #4 What is the Yellow Ribbon Program?

Veterans Administration will match grants given by these schools, up to 50% of costs above the highest public-school tuition in the state. The Yellow Ribbon Benefit only applies to individuals who are entitled to Chapter 33 benefits at the 100% benefit level.

TIP #5 What about Educational Benefits for Dependents?

- ▶ Agrees to serve at least another 4 years in the Armed Forces
- ▶ Is eligible for transfer of entitlement as determined by DOD

TIP #6 What if I am not eligible for veterans education benefits under the Post-9/11 GI Bill?

Most Oregon college campuses have an office that coordinates veterans' benefits for students. Check with that office or with the college's Financial Aid Office for information about additional veterans' educational benefits for students and their families. In addition, the Oregon Legislature passed a 2009 law that creates the Campus Veterans' Service Officer (VSO) Program in the Department of Veterans' Affairs.

TIP #7 What is the Oregon University System (OUS) Veterans' Dependent Tuition Waiver?

This benefit provides a full tuition waiver for a bachelor's or master's degree at an OUS institution for a child or spouse of a member of the United States Armed Forces who died in active duty, became 100% disabled in connection with military service, or died as a result of a disability sustained in active duty.
