

## FAFSA Rejection & Verification

### Checking FAFSA Status

After filing the Free Application for Federal Student Aid (FAFSA), students can check the status of their FAFSA at <https://www.StudentAid.gov> or by calling 1-800-4-FEDAID (1-800-433-3243).

Once a student's FAFSA is processed, a link to their electronic FAFSA Submission Summary is sent to the student, if they supplied a valid email address on their FAFSA.

### FAFSA Rejection

The FAFSA Submission Summary instructs the student to make any corrections to a rejected FAFSA, if necessary. Common reasons for rejected FAFSA include:

- Using an incorrect social security number
- Not using the exact student name as it appears on their Social Security Card
- Failure to sign the FAFSA (student and/or parent/guardian)

To resolve the rejection status, complete the following steps:

1. Have the student log in to their FAFSA account at [www.StudentAid.gov](http://www.StudentAid.gov).
2. Access the FAFSA Submission Summary: Once logged in, students with an FSA ID can view or print their FAFSA Submission Summary by visiting the "My Activity" section and selecting "View FAFSA Submission Summary."
3. The student might need to take action if their Student Aid Index (SAI) is not visible.
  - a. If the application is complete, an SAI will display in the upper right-hand corner of the FAFSA Submission Summary.
  - b. If the application is incomplete, the FAFSA Submission Summary will not include an SAI. It will show **WHAT YOU MUST DO NEXT** about halfway down the page. More information about the FAFSA Submission Summary can be found at: <https://studentaid.gov/apply-for-aid/fafsa/review-and-correct/fafsa-submission-summary>.

### FAFSA Verification

Students selected for verification will be asked to prove that certain information on their FAFSA is correct. Different students are asked to verify different items.

If a student is selected for verification, the college(s) will contact them to indicate what documentation must be submitted to the school and by what date. Students can be proactive and call the financial aid office at the college(s) to see what specific documentation needs to be provided. Students need to provide all documentation promptly. Colleges will not process financial aid for the student until the required documentation is received.
