

Oregon Promise Social Media Posts

The Office of Student Access and Completion (OSAC) offers these social media posts for community colleges and other partners to share on their social media channels. The messages are geared toward students who have been awarded the Oregon Promise Grant, to educate them about ongoing eligibility criteria and how to renew the grant each year. The timeframes below for each post are recommended, but you may use your discretion to post at other times throughout the year. You may release these posts directly via your own social media channels, and/or share posts from OSAC.

These posts and others about Oregon Promise resources, updates, and deadlines will periodically be posted on the OSAC Facebook and Twitter accounts. Please **follow us on Facebook (@OSACoregon) or Twitter (@OSAC)** and share our posts with students and staff.

Please do not alter the image files provided. Select the images links below to download original image files. Some posts only contain a video link, and do not have a file to download.
